Science Project

*Working towards the main event
on Saturday 25th June 2011
Many exciting term & holiday workshops &
Projects leading to this grand spectacle*

**Term time alternate Wednesdays from 5 30 pm - 6 30 pm
For children 7- 11 years of ages. Please ask for more details**

“Inner City Life”

For ages 6+ *Time to release through creativity and dance performance...*
An opportunity to show what children from the Regents Park Estate are capable of
The Street Dance Theatre Project will consist of a 45 minute dance show with a story
line to piece the performance together at the New Diorama Theatre in late August.
INNER CITY LIFE will be looking at the challenges a child may go through from
living in a hectic and complicated world.
You will see many characters and stories unfold during this performance

**Calling all children - Dance or not to dance
There is a part and a place for you!**

We are looking for children from the local area to dance, to work on the story line, to
record their vocals, to help with costumes and props, make up,
sound and lighting effects and overall production and on the day itself.

The aim of these performances is to allow the children to feel and be part of a project
We ask for commitment and regular attendance at the sessions.

We are aware that we will be rehearsing and performing during the school holidays
so please let us know of any away dates during this time.

**There will be a special recruiting session from 10.30 am – 12 noon on
Tuesday 12th April at the H Pod where you can find out more & register!**

*(projects made possible with financial support from the West Euston
Section 106 Community Fund and the Wellcome Collection)*
